

July 10, 1998

TO: Firearm and Tool Mark Section Employees

FROM: SAC Branch

SUBJECT: Directive 98-4, Range Warning Light and Emergency Notification System

Effective July 10, 1998, the Vertical Shot Room and the Test Firing Range are equipped with in-use lights and an emergency warning system. The in-use lights are to be utilized at all times and it is the responsibility of *all* employees to investigate the alarm in the event that it should sound.
